Peuce Journal will not accept papers that have been previously published or to be published at the same time, except for articles in foreign journals that are not easily accessible to Romanian readers, subject to the approval of the editorial board.

The papers should be submitted electronically in Microsoft Word .doc or .docx, using diacritical marks if written in Romanian, applying single spaced paragraphs and *Palatino Linotype* font of the following sizes:

A bibliography list in alphabetical order by name of the authors and chronologically in case of several publications by one author will be annexed to the article.
